BIAS SLING BACKPACK

one-shoulder backpack

F5607-75 (right-handed) // MSRP \$159.99

F5612-75 (left-handed) // MSRP \$159.99

Our largest single-shoulder bag, the Bias Sling Backpack offers versatile storage for daily use or out in the field. The outside of the bag offers MOLLE webbing for expandability, and three large pockets with storage for a 15" laptop. Hidden against your back is a secure pocket for hydration or CCW access. Rotate the shoulder strap across your body to quickly access all of the storage.

- » One-shoulder backpack
- » Ergonomic fixed shoulder strap with quick-release buckle (up to 42")
- » Designed for easy access when rotated towards front of body
- » Rubber molded zipper pulls
- » Concealed rear zippered compartment with internal loop field
- » MOLLE webbing for clip-on accessories
- » Multiple large internal pockets for organization
- » Cinch pouch for water bottle or radio
- » Accommodates up to 15" laptop
- » Breathable padding for comfort on back

GEN MULTIPURPOSE BAG

padded briefcase-style bag with **FREE** Adjustable Pistol Sleeve and 3-Channel Organizer

F5613-75 // MSRP \$149.99

The Gen Multipurpose Bag adds tactical functionality to a standard briefcase-style design. Exterior pockets contain compartments for all of your accessories, while the large main compartment opens wide to access a divider with a CCW Adjustable Pistol Sleeve and 3-Channel Organizer. Customizable storage and easy access to contents makes this perfect for the daily commute or as an overnight bag.

- » Rubber molded zipper pulls
- » Easy-access dual zipper opening with tapered grab handles
- » Non-slip shoulder pad
- » Two adjustable hook and loop retention straps for an umbrella or flashlight
- » Exterior ID holder
- » Exterior loop field for patches
- » Comes with removable divider with loop-facing liner that includes a **FREE** 3-Channel Organizer and Adjustable Pistol Sleeve (\$22.98 value) which accommodates most handguns

OTS MESSENGER BAG

small messenger-style bag

F5615-75 // MSRP \$89.99

Small and versatile, the OTS Bag is ideal for every day carry. Oversized buckles on both the padded shoulder strap and large front flap allow for quick access at all of the contents. Multiple internal compartments and loop fields provide storage for all of your daily gear. Against your back is an additional large zippered pocket for CCW access.

- » Quick-release ergonomic straps at shoulder (up to 53") and waist
- » Rubber molded zipper pulls
- » Non-slip shoulder pad
- » Zippered compartment with internal loop field for concealed carry
- » Mesh pocket in front compartment
- » Internal key retention clip
- » Mesh cinch pouch for water bottle or radio
- » Exterior loop field for patches
- » Breathable rear padding conforms to the body for added comfort

MOISTURE MANAGEMENT

Our breathable, ultra-lightweight nylon ripstop fabric wicks moisture away from your core to keep you comfortable all day.

Quietly covert and designed to perform in today's non-uniform world, the PROPPER Sweep™ collection allows you to effectively blend into the urban environment. Each piece in this collection is loaded with functional, low-profile features that give you the full tactical advantage without blowing your cover. The division between on-duty and off-duty is a blurred line. Sweep crosses it.

COVER HOODIE

hooded tech pullover sweatshirt

F5489-0W // men's // MSRP \$54.99

F5496-0W // women's // MSRP \$54.99 **NEW ITEM**

Our Cover Hoodie conceals its tactical features in a sleek, modern design. The seemingly innocent kangaroo pocket offers left/right draw CCW access with a sleek magnet closure for silent access to your weapon. A pull-out ID panel on the arm commands authority when needed. Soft fleece fabric features a slick, non-pilling outer face. Now offered in a more tailored fit for women.

- » Left/right draw CCW access with quiet magnet closure in kangaroo pocket
- » Pull-out ID or badge panel on right arm
- » Zip pocket on left bicep for secure storage
- » Thumbholes at cuffs prevent bunching and twisting
- » Zip pocket hidden in left wrist seam
- » Optimized for use with appendix holster
- » Tailored fit for women (F5496 only)

COVER SWEATPANT

tech sweatpant

F5281-0W // MSRP \$54.99

This sweatpant elevates traditional sweats with subtle tactical functionality. The ergonomic cargo pocket with quiet magnet closure and additional zip pockets give you just enough storage to carry the basics without weighing you down. When it comes to sweatpants, comfort is everything — this fabric is warm and soft against your skin with a slick, pill-resistant outer face. These give your everyday sweats a kick in the pants.

- » Low-profile ergonomic cargo pocket on thigh
- » Additional zip pockets on waist for secure storage
- » Small stash pocket centered on back waistband
- » Gusseted crotch allows greater range of motion
- » Expandable opening for boots with mesh panel

100% polyester smooth-faced midweight fleece

EL JEFE PUFF VEST

light insulated puff vest

F5491-OR // MSRP \$69.99

Everyone loves a puff vest for its three-season versatility. We've taken it to the next level with extra details that make this popular item perfect for tactical use. The El Jefe Puff Vest features double sliders on the zipper for easy access to your weapon and slip-resistant shoulder panels for a strap or sling. And the quilted pattern doesn't just keep the insulation well distributed; it conceals the ID panels on the left chest and back, taking this vest from covert casual to tactical in seconds.

- » Pull-out ID or badge panel on left chest
- » Hidden, large drop-down ID panel on back
- » Slip-resistant shoulder panels for strap or sling
- » Full-zip front with double sliders and locking zipper
- » Hand warmer pockets with locking zipper closure

PROFILE PUFF JACKET

light insulated puff jacket

F5492-OR // MSRP \$99.99

The Profile Puff Jacket may look like its casual counterpart to a passerby, but it's loaded with tactical functionality. Our version features two pull-out badge panels and slip-resistant shoulder panels for a strap or sling. Chest pockets with sleek magnet closures offer silent access to your gear. This jacket packs some serious warmth in a lightweight package.

- » Pull-out ID or badge panel on left chest
- » Hidden, large drop-down ID panel on back
- » Slip-resistant shoulder panels for strap or sling
- » Full-zip front with double sliders and locking zipper
- » Easy-access dual chest pockets with quiet magnet closures

STL II PANT

stretch clean pant

F5255-1H // MSRP \$59.99

You'll have to look twice at our STL II Pant to spot its tactical features. Our clean design conceals clever functionality like sleek internal cargo pockets and expandable openings for boots. Stretch nylon/spandex fabric keeps you from feeling restricted, and reinforced kick panels stand up to a long day on your feet.

- » DWR (durable water repellent) finish
- » Front belt loops are compatible with clip-on accessories
- » Streamlined fit with low-profile ergonomic thigh pockets
- » Nylon pocket reinforcement
- » Expandable opening for boots with reinforced kick panel
- » Gusseted crotch allows greater range of motion
- » Stretch fabric for improved mobility

STL III PANT

stretch 4-pocket pant

F5277-1G // MSRP \$59.99

The third version of our popular STL pant line brings a clean look and streamlined functionality. Built around a professional 4-pocket design with an added zippered pocket on the left thigh and our signature concealed pocket at the center back of the pant. A gusseted crotch and inherent stretch allows this pant to have ample range of motion for dynamic movement.

- » DWR (durable water repellent) finish
- » Slim zippered thigh pocket for secure storage
- » Concealed pocket at center back
- » Streamlined fit with low-profile ergonomic thigh pockets
- » Stretch fabric for improved mobility

96% nylon/4% spandex with DWR

BA SOFTSHELL JACKET

softshell jacket

F5428-0X // MSRP \$119.99

This jacket lives up to its name. Our BA Softshell Jacket is designed for speed and loaded with clever details for the tactical athlete. The chest pocket features a sleek magnet closure for silent access to important documents, and the pull-out badge panel remains hidden until you say otherwise. Zip pockets on the biceps, wrists and lower back securely stow your gear. Made from lightweight softshell fabric in an active, athletic cut.

- » Full-zip front with two-way double sliders for easy CCW access
- » Pull-out ID or badge panel on left chest
- » Zip vent under arms for regulating temperature
- » Dual bicep and wrist pockets with zip closure
- » Warrant pocket with quiet magnet closure on chest
- » Internal chest pocket and two internal stash pockets
- » Additional dual-access zip pocket on lower back

V2 HOODIE

3/4 zip tech sweatshirt with contoured hood

F5481-2K // MSRP \$59.99

Lightweight, athletic and warm. The V2 Hoodie serves as the perfect layering piece for a wide range of temperatures. The comfortable jersey fleece fabric lays snug against the body and stretches with movement. The quick-on quick-off 3/4 zipper allows for ample ventilation. Thumb holes keep sleeves in place, and strategic secured pockets help store essentials close to the body.

- » Smooth-faced fleece material with stretch
- » Contoured hood with elastic
- » 3/4 length front zipper
- » Snug base-layer fit
- » Thumb holes at cuffs
- » Large zippered left chest pocket
- » Small zippered left wrist pocket

TAC.U

The PROPPER TAC.U is inspired by the Army Combat Uniform design but enhanced specifically for the needs of law enforcement personnel. Our Battle Rip® fabric provides excellent color integrity, wrinkle resistance and long-lasting durability in a range of solid colors.

TAC.U COMBAT SHIRT

high intensity combat shirt

F5417-38 // MSRP \$69.99 solid colors
\$79.99 A-TACS Camo™ // \$84.99 MultiCam®

The TAC.U Combat Shirt is made to keep you comfortable under the weight of body armor. The lightweight knit wicks moisture away from your torso and the antimicrobial fabric keeps odors at bay. Every detail on the sleeves gives you the functionality you would get from a traditional uniform coat. And with fully articulated elbows and a unique dual-layer stretch shoulder, you'll never feel restricted.

- » Military-inspired construction
- » Loop-facing patch for name tape on back of collar
- » External opening for shoulder pads
- » 1/4 zip front
- » Side panel with underarm gusset for enhanced range of motion
- » Fully articulated elbows
- » Two zippered, upper-arm pockets with loop-facing patch for insignia
- » Two zippered forearm pockets
- » External opening for elbow pads

loop-facing patch for name tape

dual-layer stretch shoulder

- » Two-channel pen pocket on left forearm
- » Right forearm pocket with hook and loop closure
- » Adjustable hook and loop fastener at sleeve cuffs
- » Integrated thumb holes at cuffs prevent bunching and twisting

Sleeves: Battle Rip® 65% polyester/35% cotton ripstop

TRIED AND TRUE.

The PROPPER BDU is one of our most versatile and trusted garments. As the standard uniform of every military branch from approximately 1981 to 2005, our BDU has been worn by millions of service men and women all over the world. Today, we continue our BDU legacy with an entire line of patterns and fabrics for tactical professionals. We sew our BDUs to exact military specification, meaning they're just as tough now as they were 30 years ago when we were making them for the front lines.

BATTLE-TESTED DURABILITY

We've been making high-quality uniforms and apparel for the military since 1967. Our clothing is on the backs of our nation's protectors, so we don't take our job lightly. It's our job to provide them with apparel they can rely on. Apparel that is designed specifically for their needs and loaded with functional details that can stand up to the wear and tear that the job demands.

GORE-TEX OUTERWEAR

The U.S. Coast Guard sees some of the world's worst weather conditions, from freezing rain to hurricane-force winds. PROPPER offers a full line of GORE-TEX® outerwear designed specifically for the U.S. Coast Guard. Lightweight and highly adaptable to surrounding temperatures, our outerwear will keep you protected.

A FOUL WEATHER PARKA II

U.S. Coast Guard approved parka

F5407-74-412 // MSRP \$329.99

Developed in cooperation with the U.S. Coast Guard, the PROPPER Foul Weather Parka II is designed to meet the demanding needs of USCG personnel. The parka is durable, lightweight, and resistant to a wide range of contaminants, including DEET, petroleum and salt water. Part of the PROPPER Foul Weather II outerwear system, the parka is 100% nylon GORE-TEX®, making it waterproof, windproof and breathable, even in freezing conditions. From -10° to 60° F, this parka will keep you warm, dry and ready for action.

- » PROPPER Foul Weather Liner II and ODU Utility Jacket zip into parka for additional warmth

- » Active, athletic fit
- » Sheep Dog Impact Assistance logo on front and back

4.4 oz 60% cotton/40% polyester combed jersey
S-2XL
black 001

FABRIC OPTIONS

NYCO

NYCO is a 50% nylon/50% cotton blend that provides excellent comfort and durability. This military-approved fabric resists fading, shrinking and wrinkling, improving the longevity of the garment. NYCO fabric is available in both ripstop and twill weaves.

BATTLE RIP®

PROPPER is proud to offer Battle Rip®, our exclusive 65% polyester/35% cotton ripstop fabric. This all-season weight fabric is durable, comfortable and fade resistant. These qualities make Battle Rip® our fabric of choice for the public safety community. Any PROPPER item marked with the Battle Rip® logo can pair with any other to create a matching uniform.

65/35 POLY/COTTON

65% polyester/35% cotton fabric is a mix of synthetic and natural fibers available in a variety of weaves, including ripstop, twill and canvas. From lightweight to heavyweight, the fabric provides excellent color integrity, shrink resistance and long-lasting durability.

60/40 COTTON/POLY

This heavy-duty fabric is widely used in public safety products due to its durability and color integrity versus 100% cotton. The fabric is manufactured in both ripstop and twill weaves and is easy to maintain.

COTTON RIPSTOP

100% cotton ripstop fabric is lightweight, breathable and tear resistant. As an all-natural fiber, cotton will fade, wrinkle and shrink faster than synthetic fabric blends. Cotton fibers will also lose their strength under industrial wear and laundering. If color integrity is critical, do not choose this fabric; PROPPER will not accept returns on this fabric for color loss or shrinkage over any period of time.

TENCATE DEFENDER™ M Defender M

Tencate Defender™ M is the flame-resistant fabric of choice for the U.S. Army and Marine Corps. The fabric uses patented technology to provide exceptional protection from flame and heat while remaining breathable and lightweight. Defender™ M also self-extinguishes and will not melt or drip.

LENZING FR® Lenzing FR® THE HEAT PROTECTION FIBER

Lenzing FR® is a flame-resistant fiber that quickly absorbs and evaporates perspiration for maximum comfort. It protects against radiant and electrical heat, molten substances and flash fires.

PROPPER I.C.E.™

PROPPER I.C.E.™ (Integrated Cooling Effect) fabric is a 94% polyester/6% spandex blend that stands up to intense activity and resists fading, wrinkling and pilling. The fabric dries 125% faster than cotton and 30% faster than traditional polyester. The fabric contains advanced, six-channel wicking fiber that pulls moisture away from the body and dries quickly to keep you cool and comfortable. This technology is engineered directly into the fibers so it never washes away.

NOMEX®

Nomex® features thermal technology that protects against intense heat and flame. The fire protection properties are built directly into the fibers, so they can never be washed out or worn away. The fabric is also lightweight and will never fade.

SHEEP DOG PARTNERSHIP

PROPPER is proud to be an official corporate sponsor of Sheep Dog Impact Assistance. A portion of proceeds from the PROPPER Sweep, LS1 and CCMF collections – displaying the Sheep Dog hangtag – benefit the Sheep Dog organization.

Sheep Dog Impact Assistance (SDIA) is an all-volunteer non-profit group that serves the needs of the men and women serving in our military, law enforcement, fire & rescue and EMS services – a community of people they call "Sheep Dogs." For members of SDIA, helping others is a way of life. All members are current and former military and public safety personnel, and the Sheep Dog organization provides an outlet to use their extensive training in their civilian lives. Sheep Dogs believe that service does not stop when a shift or tour of duty ends.

Learn more about SDIA by visiting sheepdogia.org.

TWILL

Twill weaves are characterized by small diagonal lines, and are generally heavier than their ripstop counterparts. The higher thread count of twill weaves also makes them excellent at resisting wind, water and wrinkles.

RIPSTOP

Ripstop is a type of plain weave that integrates coarse fibers throughout the fabric in a grid pattern. This reinforced grid provides excellent protection against tears while retaining lightweight characteristics.

PROPPER SERVICES

PROPPER provides uniform customization services to ensure you have the uniform you require, ready to wear the moment it arrives. All services are applied to finished goods at the PROPPER Distribution Center, ensuring little to no delay for custom orders. For more information on uniform customization, contact Customer Service at **1.800.296.9690**.

EMBROIDERED NAME TAPE AND LOGO SERVICE

For an additional charge, name tapes are offered in a variety of color and thread combinations, including MultiCam® and A-TACS Camo™. Name tapes are available in 1/2", 3/8" and 3/4" sizes. The name tapes may be purchased individually or they can be attached to your uniforms prior to shipping. Please allow five business days to complete request. Embroidered logos are also available per your desired stitch count. For custom requests, contact Customer Service for more information.

ORGANIZATION PATCH ATTACHMENT

For an additional charge, shoulder and chest patches can be attached to your uniforms prior to shipping, arriving ready to wear. Let us handle the meticulous attachment process for you; we'll ensure every patch is aligned per your department standards and consistent across all garments.

HEAT TRANSFERS

For an additional charge, heat transfers of agency logos or lettering can be applied to PROPPER Defender™ Collection jackets. Reflective and non-reflective options are available; lettering can be no larger than 5" in height.

FREE HEMMING

PROPPER offers **FREE** hemming on select unhemmed products. Please allow five business days to complete request. Items that have been custom hemmed cannot be returned.

RETURN POLICY

No merchandise return will be accepted without a Return Merchandise Authorization (RMA) number. This number **MUST** be provided by your PROPPER Customer Service Representative (CSR). The RMA number **MUST** be clearly displayed on the outside of EACH carton returned to PROPPER. Unauthorized returns will be refused and returned to you by your carrier. All merchandise returned to PROPPER is subject to a 15% restocking fee unless the merchandise is defective. Soiled or worn merchandise **WILL NOT BE ACCEPTED AS A RETURN**. Any **NON-PROPPER** or **UNAUTHORIZED** merchandise included with an RMA will be denied credit. Any discrepancy or short ship claims **MUST BE REPORTED WITHIN TEN (10) DAYS** of receipt of your order.

NO RETURNS WILL BE ACCEPTED AFTER 30 DAYS, UNLESS MERCHANDISE IS DEFECTIVE.
